Why Holloway Friendly?

Since 1880 we've been supporting people that are unable to work due to illness and injury. We believe that getting people back to work helps their wellbeing, supports their loved ones and is beneficial to society as a whole. It's our way of helping people live their lives in colour.

Today we continue to improve the business for the benefit of Members. We are committed to financial advice and making income protection more inclusive and accessible to all.

Why choose our Plans?

Our four Plans offer unique and valuable benefits to every Member. Choose between the one2protect Plan suitable for non-manual workers, the Purely Plan which offers income protection up to age 70, the Short-term Plan with a benefit term of 1 or 2 years or the Classic Plus Plan with an investment element in addition to income protection.

No automatic medical underwriting limits at any age

Only 1 year UK residency required

Hazardous pursuits considered

Reviewable exclusions

Generous BMI limits

Type 2 Diabetes considered

Maximum benefit £60,000

Guaranteed income level

Premium discounts considered

Our range of benefits

The benefit we pay is based on your client's earnings before they were unable to work:

- If they are employed, income is their pre-tax earnings for PAYE
- If they are self-employed, income is their share of pre-tax profits from the business
- We don't take into account income received from state benefits, savings and investments, but we do include continuing income from health-related insurance payments.

Premiums

All premiums are payable monthly by Direct Debit. **Purely Income Protection** and **one2protect** have a minimum monthly premium of £10 and **Short-term Income Protection** has a minimum monthly premium of £8.

Dividends

If your client receives dividend payments as part of their income, these can be included in our maximum benefit payable calculations; provided those dividend payments are not declared when they are unable to work owing to illness or injury.

Evidence of earnings

We'll need proof of your client's earnings should they claim for illness or an injury, to verify the level of benefit entitlement. Typical forms of evidence are:

- **Employed** P60, payslips, bonus statements, dividends statements and P11d.
- **Self-employed** Latest audited business accounts, Inland Revenue tax computations/returns.
- **Employed Director of own limited company** In addition to employment income we will also need evidence to support share of the company pre-tax profits.

Other documents may also be suitable. We may request further forms of evidence depending on individual circumstances.

Underwriting

Medical information

To reach a decision on the terms we can offer your client, they need to provide lifestyle and medical information. This information can be collected online via MedQ or by telephone interview with a nurse. If you do not currently use MedQ and would like to know more, please contact the Adviser Support team on **0800 716 654**.

Hazardous pursuits

All hazardous pursuits will be given individual consideration. As long as the pursuit is not on a professional or semi-professional basis we will consider it. The decision as to whether an exclusion is applied would be based on the level of benefit required, the deferment period, the pursuit itself, its frequency and whether your client has had any previous injuries relating to it.

Medical premium loadings

A medical loading could be applied to the premium or we may offer a reduced benefit to maintain the original premium quoted if this would suit your client.

Declined applications

The decision to decline an application will be based on the information received from your client and their GP. We may be unable to disclose specific reasons. If your client would like further information they should request a copy of the report sent to us by their GP. Once they have the GP's report they can contact our Underwriting team if they have any further queries.
